Paras Means Success

From the very beginning of CPT what I liked the most about Paras was its concept "System leads to success" and that actually happens at Paras Institute. I guess that what has driven paras from what it was to what it is today. The outstanding contribution of faculty members can't be underestimated. The excellent study material prepared by them itself is a proof of their dedication & hardwork. I also liked the innovative way of teaching followed by Surender Sharma & Gorav Bansal Sir. Paras test series has a huge role to play in clearing CA Exams as we don't have to schedule our targets. They automatically get built by the time table of Paras test series and we have no option but to prepare for subjects with scheduled deadlines of regular unit tests and then final tests. Regular doubt clearing sessions are conducted at Paras and by any chance, if someone is left with any issue, then Paras Management team including Rakesh sir is always present to help him/her and resolve the issue. Hope this great team will work in the same way to help creating more CA's in India. Wishing all the best to Paras Intitute and lot of

System Leads to Success

I have had the great pleasure of being a student of Paras Institute. Faculty's untiring support helped me consistently excel in course. I give my credit for passing CPT and IPCC exams in first attempt only to Paras Institute because the support which they were giving during situation like when we feel tensed or dull or not confident had boosted me very much.

The mock test series after completion of syllabus & weekly test series after completion of chapter helped in revision and self analysis in an effective & efficient way. They provides good strength to face final exams with confidence & Fearless.

Paras Institute is our Second Home!

It is a matter of pleasure that Paras Institute has started an initiative to take feedback of past students about the coaching and study that we have gained here. I am really influenced with the problem solving mechanism of faculty. The Pattern of study is really very good with all the subjects under one roof. I still remember that we have studied the whole course without feeling any burden as continuous test series really help me to prepare and analyse my performance time by time. In this home (this institute is like a part of family for me) many motivational seminars, career counseling and interaction with seniors really help me to focus on the goal.

The Path of Success

I like Paras Institute very much. The decision of taking admission in Paras Institute was a life changing decision for me. Paras Institute helped me in affixing the word “CA” before my name and developed my personality too. The way of teaching, the dedication of all teachers towards every student and their guidance was great. Though the entire system of Paras is incomparable but the test system is the main strength as per my view. Periodic and timely tests and quick checking helped me a lot in performance evaluation and improvement. Paras Institute does not work for studies only but also for the social life and moral beliefs through motivational programmes. They support each and every student to the last moments of the exams and even afterwards they support their students. For me Paras Institute is the best Institute I had ever seen.

Thanks Paras Institute.
